Helfred Conquest 12th 2671313 is truly a great prospect for a herd bull, he is not a perfect bull at this time, but he will develop as he goes along and grow into one of the best bulls of the breed, all the calves out of this cow have always developed into excellent individuals as two year olds, two full brothers one in Southern Missouri and one in Arkansas have made us more friends than any two bulls we ever sold. Anyone looking for a good herd bull, need not hesitate in buying this one.

Leader's Milestone. An exceptionally deep-bodied, short-legged bull that is ready for heavy service. The many outstanding sires in his pedigree should insure him to be an excellent sire. Pretested and calfhood vaccinated.

"Are you hungry right now? When you yearn for a favorite dish—what is it?" A nation-wide poll on what America likes to eat was conducted by Look Magazine and the results were published in the February 14, issue of that magazine. As cattlemen you will be interested in the fact that steak was the first choice far ahead of any other on the list. For many people, roast beef ranked next and meat balls with spaghetti was third. As long as the products of our labors enjoy this universal popularity, it would seem that the cattle business is built on a firm foundation.

Princess Royal 52d—We are selling two of our good young heifers to give the club boys a chance to buy a heifer at their own price. This is a granddaughter of Princess Maid, one of the best cows ever on Evergreen Farm. She is pretested and calfhood vaccinated and can be shown at fairs without retesting. The pedigree will do in any herd.
